

## 2017-2018 Anticipated PMB GSI Positions

### Fall 2017

PMB 107/L – Plant Morphology (Specht) – 1 Position

PMB C112 – General Microbiology Lecture (Ryan) - 1 Position

PMB C112L – General Microbiology Lab (Komeili) - 2 Positions

PMB 113 – California Mushrooms (Bruns) - 2 Positions

PMB C116 – Microbial Diversity (Coates) - 1 Position

PMB 150 – Plant Cell Biology Lecture (Luan/Quail) – 1 Position

### Spring 2018

PMB 11 – Fungi, History, and Society (Bruns/Taylor) - 1 Position

PMB 40 – The Secret Life of Plants (Zambryski) – 4 Positions

PMB 101L – Experimental Plant Biology Lab (Wildermuth) - 1 Position

PMB C112L – General Microbiology Lab (TBD)  
The number of possible GSIs for this class is TBD

PMB C114 – Comparative Virology (Glaunsinger) - 1 Position

PMB 120/L – Biology of Algae (Niyogi) – 1 Position

PMB C142 – Plant Genomics and Bioinformatics (TBD) – 1 Position

PMB C148 – Microbial Genetics and Genomics (TBD) - 2 Positions  
One position is genetics focused the other is genomics focused.

PMB C160 – Plant Molecular Genetics Lecture (TBD) – 1 Position

### Summer 2018

PMB C112 – General Microbiology Lecture (TBD) - 1 Position

PMB C112L – General Microbiology Lab (TBD) - 1 Position
